

Which Do You Prefer?

It is important for reasons of health and practical economy for every housekeeper to ask herself this question:

"Do I prefer a pure baking powder like Royal, made of cream of tartar derived from grapes, or am I willing to use a baking powder made of alum or phosphate, both derived from mineral sources?"

The names of the ingredients printed on the label show whether the kind you are now using or any brand, new or old, that may be offered is a genuine cream of tartar powder, or merely a phosphate or alum compound.

Royal Baking Powder contains no alum nor phosphate.

Local and Long Distance Telephone No. 40. Office—Public Ledger Building.

Entered at the Maysville, Kentucky, Postoffice as Second-class Mail Matter.

A REPUBLICAN COUNTRY

Even though the final accounting may show that President Wilson has been returned, the election has thoroughly demonstrated that the United States is a Republican country. In state after state that have given their electoral vote to the president practically all Republican candidates for state offices have been chosen by imposing majorities. The "solid south" is all that has saved the Democratic party from dissolution long ago and had even a small part of that section voted its sentiments instead of its prejudices this year Mr. Hughes would have been elected decisively.

The Democrats were never more confident of a sweeping victory than was the case this year and there were reasons for this optimism.

General conditions overwhelmingly favored them. Their's was the party in power, an advantage in itself of large proportions. With all Europe engaged in the bloodiest war in history they were able to capitalize peace conditions in the United States. With the war prosperity at its height they could go before the country with the plausible but fallacious argument that such prosperity was due to Democratic policies. Added to these circumstances was the division in the Republican party four years ago.

With such conditions to contend against it is remarkable that the Republican party gave the Democrats one of the most tremendous battles in American history. Even the Democratic New York Times is marvelling over the great strength shown by the Republicans. It says:

The marvel of it is that the Republican party has been so completely reunited after the disastrous division of 1912. The rapid and complete healing of so dreadful a wound is without precedent in our politics.

Truly may it be said that President Wilson was born under a lucky star. He became president not because the people of the United States believed in Democratic policies, but because the Republican party was divided. He received a smaller popular vote than any Democratic candidate in sixteen years. The first year and a half of his administration showed an unmistakable tendency toward general depression. Then came the European war with its abnormal effects on the United States. If there had been no European war the Democrats would have been deprived of their specious arguments in this campaign. With the Republicans as aggressive as they proved to be, how many electoral votes would President Wilson have received this year had it not been for the effects of the European war?

If President Wilson is re-elected however, he will be entitled to all the glory of success regardless of the conditions that brought it about. He will be the first Democrat since Andrew Jackson to have been elected for two successive terms and, should he serve his full time, the first president since Grant to have occupied the executive chair for eight full years. It is not surprising that Democrats, who remain strictly within party lines, enthuse over President Wilson.

The National Association of Credit Men has undertaken the task of "educating the retailer." Why not also educate the buyer as to economy?

Carranza is now reported as on the defensive against Villa. But the fact does not detract from the other fact that both are exceedingly offensive.

Osborne Monnett, a Chicago coal expert, says that "wastage of coal is unsocial." Consumers are of the opinion that it is somewhat foolish.

ARE YOUR KIDNEYS SICK?

Many Maysville People Have Kept Well By Keeping Their Kidneys Well.

The first symptom of kidney trouble may be only a slight pain in the back, a feeling of stiffness or soreness in the loins, or some annoying irregularity of the urinary passages. Urine is often discolored and perhaps sediment gathers upon standing. Next may come a dull, throbbing headache, sharp, knife-like pains, dizziness, and in many cases, lameness when arising in the morning. No one can afford to delay until these troubles become serious. Begin using Doan's Kidney Pills, the tried and tested kidney remedy that has won the praise of thousands. Maysville readers should find convincing proof of merit in the following statement. It's from a resident of this locality.

A. Sorries, locksmith, Aberdeen, O. says: "The action of my kidneys was irregular and the kidney secretions contained sediment. I had backache and when stooping, it was hard for me to straighten up. Colds always settled on my kidneys. I used Doan's Kidney Pills and they stopped the trouble and my kidneys became strong."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Sorries had. Foster-Milburn Co., Props., Buffalo, N. Y.

DANNER SAYS NO WARNING TO SHIP—AMERICAN ON ARABIA DECLARES NOT ONE SECOND WAS ALLOWED

London, November 13.—Paul R. Danner, the only American on board the British steamer Arabia, which was sunk by a submarine November 6 in the Mediterranean, sends the following signed statement from Malta to the Associated Press.

"I am an American citizen and was a second-class passenger on the Arabia, bound for Marseilles. At 11:20 on the morning of the sixth of November, I was sitting on the port side of the after deck when a tremendous shock to the ship occurred, immediately followed by an explosion.

"There was absolutely no warning whatever, not even one second. It appears from the statements of certain passengers who were on the starboard side, that immediately they saw the periscope of a submarine appear out of the water about 300 yards distant on the starboard side the torpedo was fired.

"It was only thanks to good fortune of a calm sea and that the boat floated evenly for a considerable time that we were all saved. There was certainly no warning of any character."

Paul R. Danner is a Harvard graduate, who has been engaged in Y. M. C. A. work in India. He was returning to his home in Cambridge, Mass.

The Arabia, according to a statement issued by the British Admiralty November 8, was sunk without warning. All of the 437 passengers and crew, with the exception of two engineers, were saved.

DIDN'T BELIEVE IT HAD GONE

(London Chronicle)

Cases of ignorance on the part of telegram writers are now rare, but many incidents could be cited from the early days of telegraph. Several are given in F. E. Balne's "On the Track of the Mail Coach." In the late '40s he received from a countryman a message and promptly sent it. But the countryman flatly declined to believe that it had gone because he could see it (the form he had filled up) still hanging there, and the operator had to push the form into the instrument and ring the bell to satisfy him. A woman in a Norfolk town insisted upon enclosing the telegram she had written in an envelope so that no prying eyes might read it as it went along the wire.

ERROR OF 7,000

Discovered in California Figures, According to Willcox.

New York, November 13.—Charles E. Hughes again declined today to offer President Wilson congratulations on his re-election.

He was reported to have been about to do so when National Chairman Willcox intervened with a protest that he await the very latest returns from an investigation of the returns in California and other close states.

Report had it that Mr. Hughes had all but dictated his good wishes to the President, when rumor was circulated that an error of 7,000 had been discovered in the Golden States figures, which, if correct would secure its 13 electoral votes to the Republican nominee. These, with the 12 from Minnesota, it was urged, might insure his election.

Chairman Willcox, who had been on the job all day awaiting advices and wiring instructions to National Committeemen and State Chairmen, would not say whether or not he believed that a 7,000 blunder had been committed in California. He said:

"Secretary James B. Reynolds received a telegram message that an error had been detected in California whereby Mr. Hughes was given only 700 instead of 7,000 votes. If that is the case he would carry the state. We are awaiting information from a more authoritative and official source."

"Are you charging fraud in California or elsewhere?"

"Not yet, though we have reports of irregularities. Wherever there is evidence of this I trust that the local authorities will take vigorous action."

APPEAL TO FAITHFUL TO MAKE UP DEFICIT

New York, November 13.—Plans for meeting by popular subscription the \$300,000 deficit which it was announced was incurred by the Democratic National Campaign Committee in its fight to re-elect President Wilson were proposed here today by Wilbur W. Marsh, Treasurer of the committee. The proposal calls for an appeal to 2,000 cities each to raise \$100, leaving the rest to such individuals as may be willing and able to pay it off.

TOO BAD! TOO BAD!

Helena, Mont., November 13.—Rev. Francis von Clafenbeck, of Tillamook, Ore., has sent his naturalization papers and a letter resigning his citizenship to the District Court Clerk here. The letter in part said that to "see a man returned to power after an administration and policy such as we have seen during the past four years is too much for me."

An electric knife for tailors has been invented that cuts only a few thicknesses of cloth instead of the twenty or more cut by machines used in clothing factories.

'They do more than please your taste—they satisfy!'

That's why Chesterfields are like a good cup of coffee—they taste fine and, in addition, they satisfy!

But, besides letting you know you've been smoking, Chesterfields are MILD, too!

Chesterfield is the one cigarette that can give you this new delight (satisfy, yet mild), because no cigarette maker can copy the Chesterfield blend—an entirely new combination of tobaccos and the greatest advance in cigarette blending in 20 years.
